

**POLICY - 2019-11-13 - Rectory visits - St. Matthew Staff Meeting**

**No one is permitted to enter the rectory without Fr. Gregor's or Fr. Raj's permission. Think of all the keys which access the rectory as "spare keys" and treat the rectory as any other person's home whose spare key you might have, meaning, you wouldn't enter your neighbors' house with their spare key unless you were given permission first (for mail when they're away on vacation, for example, or to water their plants, feed their pets, etc.) or you suspected a real emergency is happening in real-time, like for example, a fire, a medical emergency like a stroke or a heart attack, etc. Thank you for your consideration and respect for the shared home of Fr. Gregor and Fr. Raj!**
